EDUCATION
COLLEGE
STAFF ARE
EXPERIENCING
THE MOST
SIGNIFICANT
CHANGE TO
WORKPLACES
AND JOBS IN
ALMOST 25
YEARS.

**IT'S TIME TO
JOIN UCU**

UCU

University and College Union

- Area reviews
- Funding cuts and cost cutting
- College mergers
- Restructures and curriculum closures
- Changing job roles
- Apprenticeship levy
- Forced English and maths GCSE re-sits
- Increased class sizes and increased workloads
- 15,000 further education teaching jobs gone since 2009

When the tide of change in further education (FE) hits your college and your job, you need a strong union on your side to protect and defend your position.

UCU STANDS UP FOR ITS MEMBERS AND FOR EDUCATION

Our reps up and down the country are trained, briefed and prepared to respond to all the changes coming our way. The more members UCU has in your college the better able we are to defend and protect your job and your work-life balance. UCU will:

- Represent you if your job is at risk
- Provide representation if you're merged with or transferred to another college
- Stand up for quality teaching and learning

There has never been a more important time for lecturers and all curriculum delivery staff in FE to join a union.

UCU is the largest union in FE, we understand FE and we know how to win for staff in FE. Join online at: www.ucu.org.uk/join or call *0333 207 0719.
